Schedules for Form 199 (2003 return)

Part II, Item 9.

TrueGift provided donations of \$6,187 worth of school supplies in 2003 to public schools, public and non-profit charter schools, non-profit secular schools and non-profit religious schools. The majority of donations were hand delivered to schools in San Jose, California including Steinbeck middle school and Pioneer High School. The remaining donations were made to 28 other schools in 15 states. 131 teachers received supplies. The \$6,187 amount includes \$165 of postage and mailing supplies to deliver these supplies. This amount was not separately listed because some shipments included delivery in the cost of supplies. The majority of all supplies were construction paper, copy paper, glue sticks, pencils, crayons, and markers.

Part II, Item 17,

TrueGift paid \$300 for Internet connection fees; essentially electronic rent for www.truegift.com. We also paid \$100 for an Efax number (408 904 6075) from which we can receive faxes throughout the year.
